

Earthworks Recycling

-Typical Collection Pricing and Terms-

Cardboard pickup is \$25 for first 2 cubic yards of cardboard or 1 yard of cardboard with a barrel or rolling bin for other items.

Document Destruction Bins are \$32.50 per bin, per pickup. (65 Gallon)

Additional barrels, rolling bins or cardboard by the cubic yard, are \$7.50 each.

Scheduled and On Call pickups using our bins or barrels are required at least once every 2 months, otherwise you will be subject to an additional \$5 per month rental fee for each onsite cage and/or bins every month after 2 months.

Scheduled pickups with no materials onsite will result in a minimum \$10 drop by fee. (To avoid a fee, please call if you are scheduled for a pickup but don't have anything to be picked up.)

The loss of any cages or bins are the customers responsibility if they come up missing. Cages and any wheeled Recycling or Document Destruction Bins are \$75 ea. Barrels are \$10 ea.

Any trash or contamination in our recycling bins may result in a minimum \$5 disposal/sorting fee per bin.

Due to increased costs and contamination with recycling, we are asking for your help to keep our prices lower. It takes extra time and costs more to sort and dispose of garbage mixed with recyclables.

If not on a scheduled pickup service please try to give us at least 2-3 days notice for any pickups or deliveries.

-Prices are subject to change depending on your situation-
